Languages

- Russian (Native)
- Greek (Fluent)
- English (Fluent)

Relevant Experience

XM Trading

Jun 2026 – Aug 2026

UI/UX Design Intern

Limassol, Cyprus

- Completely redesigned an AI chatbot interface used by millions of users worldwide, improving usability and visual consistency.
- Redesigned multiple sections and created new page designs for the XM Trading platform, working closely with the development team to ensure pixel-perfect implementation.
- Bridged design and development by delivering clear, developer-ready specifications that streamlined the design-to-code handoffs.

Think Positive New Media

Sep 2025 – Dec 2025

Web Developer

Limassol, Cyprus

- Developed and maintained responsive websites using JavaScript, HTML, and CSS.
- Applied accessibility practices and UI/UX improvements to existing websites to enhance usability.
- Built and customized WordPress websites, collaborating with designers and team members to deliver visually consistent and functional web solutions.

Work Experience

Head Waiter / Waiter

Aug 2019 – Dec 2025

Limassol, Cyprus

- Balanced full-time/part-time work alongside university studies.
- Managed and trained a team of 5-6 staff members.
- Developed strong client communication skills.

Products Launched

CasePilot — Case Management Software that automates client updates for Law Firms | [Live Link](#) | [GitHub](#)

React.js, Node.js, Express, PostgreSQL

- Built a SaaS platform that eliminates manual client status calls by automating case update notifications with one click.
- Implemented automated email notifications that trigger on every case change, keeping clients informed without extra effort from the lawyer.
- Developed live custom tracking links so clients can check their case progress at any time without contacting the firm.

Lead Inbox — B2B Platform that helps Consulting Firms find leads | [Live Link](#) | [GitHub](#)

React.js, Node.js, Express

- Built a SaaS platform that eliminates manual lead searching for consulting agencies by delivering verified, niche-specific leads to their inbox.

- Implemented category-based filtering so firms only receive leads relevant to their area of consulting.
- Added a subscription-based access model, giving agencies a consistent and recurring pipeline of outbound-ready leads.

Personal Portfolio Website | [Live Link](#) | [GitHub](#)

React.js

- Designed and developed a fully responsive portfolio website to showcase projects and technical skills.
- Focused on modern UI/UX principles and performance optimization.
